## Fundraising pages

Run2Cure raises funds for vital research into a cure for the children's cancer neuroblastoma. This is the leading cause of death in children under five from cancer.

When you register for Run2Cure a fundraising page will automatically be set up for you and if you choose the school team, you will be added to that fundraising page also.

Add an image, write a message, share with family and friends. Raising even a small amount will still help support scientists find better, kinder treatments for this devastating cancer.

If you have multiple pages set up and would like to choose one dedicated fundraising page, our team can manually delete fundraising pages. Simply email [support@raceroster.com](mailto:support@raceroster.com) with your details.

**Thank you for your support!**
